# KLEAN PRODUCT LIST

## Hand Sanitizing Gel

Ethyl Alcohol **75%**

**500ml**

**Refill Pack 4.5L**

**Refill Bottle 18L**

- The Ministry of Food and Drug Safety and the U.S. FDA use a minimum of alcohol-free additives that are applied to alcohol and cosmetics as safety-certified products, resulting in low residuals such as stickiness after use
- Use large refill containers such as 5L and 18L to reduce the cost of hand sanitizer
- High capacity reduces replacement fatigue due to frequent replacement of existing 500ml and facilitates management

## Large Pump Container / Cabinet

- 10L capacity refill containers for easy use in buildings with a large number of people
- 5L Hand sterilization refill pack replenishment
- Neat containers and easy storage as there is no need for a hand sanitizer holder such as a separate table.
- Place of use: Hospital, school, church, government office, etc.
- Size : Curly x height (1100x1100)

Large capacity refill cabinet for 18L

- Use 18L hand sanitizing refill bottle

Produce a luxurious and dignified atmosphere with wooden cabinets.

- Used Buildings: Hotels, Resorts, Large Buildings, etc.
- Size : Horizontal x vertical x vertical (300x300x900)

**10L large pump container**

**Cabinet for 18L**

## Hand Sanitizing Wipes

Ethyl Alcohol **75%**

**10 wipes**

**Retail Box(20packs)**

It is easy to carry when going out because women can carry handbags with them, and they can disinfect cell phones, handbag handles, etc. after sterilizing them.

**60 wipes**

Alcoltisu, which uses only alcohol and purified water, makes it easy to disinfect household and living space, various hand tools, etc.
